

Get great book suggestions by email!
Subscribe to NextReads today!

NextReads will deliver reading lists right to your Inbox.

It's easy! Go to the sign-up page on the library Web site at <http://webserver.mcl.org/nextreads.html>. Select as many newsletters to subscribe to as you would like, and immediately, you'll receive the most recent issue. Choose any of the topics listed in the box to the right.

New and forthcoming, gems from the shelves, and sleepers - not just bestsellers.

Every newsletter includes recently released titles and, depending on the newsletter, may include related (read-alike) titles, additional thematic suggestions, or forthcoming titles. For example, Armchair Travel will occasionally focus on travel to a specific country, or Fantasy may include a round-up of Time Travel titles. Each list is constructed by librarians and readers' advisory specialists to provide readers with inspiring and interesting reading and listening choices.

Tired of getting to the library and finding the book you wanted is checked-out?

Because every newsletter includes links directly to the library catalog, you can be at home in your slippers or taking a lunch break at the office while placing holds on the books you want—and then we'll tell you when the books are waiting for you to pick up!
